Renovations & Extensions

BRING YOUR VISION TO LIFE

Need a room extension, first-floor addition or indoor/outdoor conversion? Your home is in expert hands with our Master Builder Matt Anderson, and his skilled team of tradespeople. We work closely to your architectural plans to achieve your vision. If you haven't yet chosen a design, we can recommend leading architects to create the perfect plan and make the most of your space.

QUALITY FROM START TO FINISH

Enjoy peace of mind as we smoothly manage every stage of your project, from council development applications to construction certificate approvals. Our network of trusted suppliers delivers superior results for your home, with quality materials, fixtures and finishings.

FIXED PRICE / COST PLUS AGREEMENTS

Achieve maximum value by selecting the best pricing structure for your project.

1 FIXED PRICE AGREEMENT

Stay confident and in control. All work is done for an agreed price, based on set plans and specifications. Progress payments are made throughout the project.

2 COST PLUS AGREEMENT

Enjoy flexibility with the details. Beginning with a basic plan, costs change according to selected finishes. Payments include all costs associated with the building works, plus a percentage or fixed fee.

The MKA Promise

PROVEN EXPERTISE

Quality construction is assured with our professional tradespeople and suppliers. Our qualified team has completed hundreds of renovations and extensions all over Sydney.

EXCEPTIONAL VALUE

Take advantage of our wide range of trade discounts from kitchen, timber, hardware, plumbing and electrical suppliers.

STREAMLINED COMMUNICATION

Get the right person – every time. Owner and Master Builder Matt Anderson is your key point of contact from start to finish.

RELIABLE TIMEFRAMES

Your deadline is our priority. Stay up-to-date with our weekly GANTT charts and budget updates, as well as regular face-to-face meetings.

QUALITY, ECO-FRIENDLY MATERIALS

We prefer sustainable materials and Australian plantation hardwood. All materials are certified to Australian standards, and demolition materials are recycled wherever possible.
